Hi Mark. The survey stakes are for property boundary identification and not necessarily where environmental surveys or cleanup will occur. I will send you a fact sheet to distribute to your patrons this week. Does that work for you?

Regards,

Eric

Hey Eric,
I have some of our attendees asking about the survey stakes so I just wanted to ask if it is still too early to announce the plans that are being put together by your office?

Or should I just mention that there is testing going on?

Thanks for you help.
